OMLTA Spring Conference / Congrès du printemps:
To well-being and beyond! / Le bien-être-partout et pour tous !
March 29 – March 30, 2019

In order to be considered, Exhibitor Workshop Proposals **must**:

- address the conference theme***, and/or
- be relevant and authentic rather than promotional, and/or
- present recently developed materials directly related to the needs of FSL and/or International Languages teachers.

***Here is some information regarding the conference theme:

This year's conference theme "To Well-Being and Beyond!" / "Le bien-être – partout et pour tous !" will focus on promoting well-being and developing global competencies in our classrooms and schools. Workshops will explore well-being through the lens of mental health, equity and inclusive education and safe & healthy classroom practices. Workshops will also focus on how to infuse inquiry-based learning into your everyday practice, thus enabling students to develop the skills necessary to become resilient, successful, productive, engaged citizens in our competitive, globally connected and technologically intensive 21st century.

The Conference Planning Committee always strives to provide a balance of workshops to meet the needs of our members, who are educators of:

- Core, Extended and Immersion French,
- International Languages,
- All divisions (primary, junior, intermediate, and senior).

The final decision of the workshops offered rests solely with the Conference Planning Committee. Although we cannot guarantee that each Exhibitor will be accepted as a presenter, we sometimes choose to invite an Exhibitor to present two workshops. In the event that a second workshop proposal is accepted, a fee of \$200.00 will be charged to the Exhibitor for the second workshop.

We thank you for your participation and look forward to working with you.

Warmly,

The OMLTA Conference Planning Committee and the OMLTA Board of Directors
